

An example of how Art contributes to Personal Development is by welcoming students from all years to Art Club. This acts as a social hub where students can make friends, interact with other students to share ideas and work with our Art technician who was formerly a designer for a famous sports brand.

The Art Department has a large library which includes 100's of Art books which all students can access in Art lessons or in Art Club. We have taken students to The Walker Art Gallery and The Tate Liverpool to support Culture Capital. We are currently acquiring Prints of 'Great Art' that will be framed and exhibited around school.

We promote equality and diversity by consciously looking at Art from female Artists as major themes for projects, for example:-

Frida Kahlo – Year 7 – All About Me Project

Georgia O'Keeffe – Year 7 – The Power of Colour

KS4 – Structures – Zaha Hadid

KS4 – Distortion Project – Deb Weiers

We also looking at Art from a range of cultures, both historical and contemporary.
