

**METROMAYOR**  
LIVERPOOL CITY REGION

## **Keeping Up with the Children - Year 3 Maths Course Outline**

**During the course, we will look at key aspects of the maths curriculum and how it is taught in year 3. This will include:**

- Different methods of calculations (+, -, x and  $\div$ )
- The language of maths (the key terms children in year 3 will use)
- Using metric measures
- Demystifying decimals and fractions
- Shapes – names and properties
- Representing information using graphs, charts and tables

**By the end of the course, you will be able to:**

- Explain how the maths curriculum works in year 3.
- Understand key maths language.
- Demonstrate more confidence in carrying out maths tasks.
- Give examples of how you can support your child with maths.
