Dear Parent / Carer

RE: Unifrog – The Complete Destinations Platform

I hope you and your families are safe and well during this difficult time.

I am writing to inform you that, in keeping with our commitment to provide students with outstanding careers guidance and tailored support when choosing their next step after school, we now have access to an award-winning, online careers platform called Unifrog. All students have an account.

Unifrog brings into one place every undergraduate university course, apprenticeship, and college course in the UK, as well as other opportunities, such as School Leaver programmes, MOOCs (Massive Open Online Course) and every college at Oxford and Cambridge. This makes it easy for students to compare and choose the best university courses, apprenticeships or further education courses for them. They can also explore exciting opportunities further afield by looking at English-taught undergraduate programmes available in Europe and the USA.

Additionally, the platform helps students successfully apply for these opportunities by using Unifrog to write their personal statement, applications and CVs and guiding them through the process, allowing teachers to give live feedback. Some students have already accessed some of these tools.

You may think this is a little early for some of your children lower down in the school but we believe it is never too early to link subjects and interests to careers and opportunities.

Students access the platform by logging into their school email via the school website www.stcuthberts.com. They will need to click on the student tab at the top of the page, then on student email. Students can now access this by using their student log in as their email address for example: 16BloggsJ@stcuthberts.com followed by their normal password they use to log on to the computers at school. Once they have logged on to their email, all they need to do is to click a link in their welcome email from Unifrog, where they create a password and can begin using the platform. They then are able to log in to Unifrog using their email address and password and they can do so from any computer, tablet or smartphone. We would encourage you to use the platform with your child sometimes so you can support them through the process of deciding their next step. There will also be lots of material to access whilst we are on lockdown.

We have also set up a parent login so that you can use Unifrog as if you were a student yourself, allowing you to truly support your child. The form code you need is: schsparents and you can sign up here: www.unifrog.org/code

For more information, go to www.unifrog.org or [contact hello@stcuthberts.com](mailto:hello@stcuthberts.com).

Yours faithfully

N Ward
