13th January 2021

Dear Parents/Carers,

These first two weeks back after the Christmas break have been like no other but we feel as a whole community that we have taken everything in our stride, adapted and we should all be proud of the continuous work and effort we all put in.

Referring back to the letter that was sent to all parents on 16th December, we talked about us intending to make some changes to the staff, within year group bubbles, in the New Year.

The children will be staying in their year group bubbles, whether this be in the school building or at home, learning. However, starting from **Monday 18th January** there will be some changes to students' timetables.

We feel this is a brilliant opportunity for both our students and staff. As they all will be able to meet with a range of people, virtually and students will continue to receive the same fantastic education that our staff provide for them on a daily basis.

All timetables will be sent via MyED on **Friday 15th January**, so that students and parents have enough time to look at any new changes and are then ready for the new week ahead, next week.

For our young people, next week, the most important thing is that they are logged in on Monday morning to their usual Google Classroom for Form time at 8:30am.

This will be an extended Form time so that staff can talk through any queries students may have regarding their new timetables.

Like with everything over the last 12 months, things are new and there may be some teething problems but we will try our best to sort this out as soon as possible.

As always, we are here to support you in whatever way we can. Please do get in touch if you have any more questions or queries, we'd be more than happy to help.

Yours faithfully,

C.A. Twist
